Caritas Hellas

Ending poverty, promoting justice
and restoring dignity

Maria Koutatzi, Head of Social Policy and Advocacy

Caritas = Love

Caritas works with people of all faiths to **end poverty**,
to **promote justice** and to **restore dignity** of all people on the

7 principles of Catholic Social Teaching

- Dignity
- Solidarity
- The common good
- The option for the poor
- Peace
- Care for creation - environment
- The dignity of work and participation

Caritas Hellas aims to put the gospel message of **love** and **justice** in practice, for an **integral human development**, with emphasis on the most **vulnerable** and **excluded** without any discrimination.

We work with people of all faiths to **end poverty**, to **promote justice** and to **restore dignity** of all people by **listening** respectfully to the suffering of the poor and giving them the tools to **transform** their own lives.

Our work is inspired by the 7 principles of Catholic Social Teaching, with a particular attention to the preferential **option for the poor** and vulnerable in our societies, not least those who are newly arrived in Europe as **migrants or refugees**.

We believe that people and the environment should be at the heart of all policies. We oppose all kinds of exclusions and support all initiatives that promote **sustainable development** that benefit everyone and enable all people to find a meaningful role to play in society.

Caritas is organised at local, regional, national and international level, with millions of volunteers and specialised/expert staff in almost all countries of the world
