

**Integration of SDGs
into NATIONAL
PROGRESS PLAN**

Role and Scope of the 2021-2030 National Progress Plan (NPP)

Success condition for strategic management reform

aimed at reducing number of planning documents and ensuring coherence between national, regional and territorial planning systems

Basis for planning EU and national funds for investments and reforms

National document which identifies the main **strategic goals and objectives/changes to be achieved in all public policy areas**

Basis for sectoral and regional Development Programmes where measures will be planned

How SDGs are integrated into NPP?

NPP

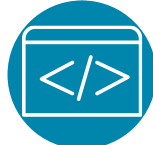

Situation analysis

3 horizontal principles

10 strategic goals

88 objectives

Implementing instruments

SDGs

Most challenging SDGs identified

1 HP: sustainable development (indicator – overall score of SDG achievement)

Linking with specific SDGs

Linking with specific SDGs targets

Coordinators: MoEnv+all ministries; Monitoring and reporting; RIA

Correlation between NPP strategic goals and SDGs

Strategic objective of NPP

SDGs

1. Move towards sustainable economic development based on scientific knowledge, advanced technologies, innovations and increase the country's international competitiveness
2. Increase the social well-being and inclusion of the population, strengthen health and improve the demographic situation in Lithuania
3. Increase the inclusion and effectiveness of education to meet the needs of the individual and society
4. Strengthen national and civic identity, increase cultural penetration and creativity
5. Improve transport, energy and digital internal and external connectivity
6. Ensure good quality of the environment and sustainability of natural resources, protect biodiversity, mitigate Lithuania's impact on climate change and increase resilience to its impact
7. Sustainable and balanced development of the territory of Lithuania and reduction of regional exclusion
8. Increase the efficiency of the legal system and public administration
9. Strengthen Lithuania's influence in the world and relations with the diaspora
10. Strengthen national security

Correlation between NPP objectives and SDG targets

Other SDG targets in respect of which major challenges have not been identified

**Total – 169
SDG
targets**

91 (54%)

Addressed directly by the objectives of NPP

Implementing instruments

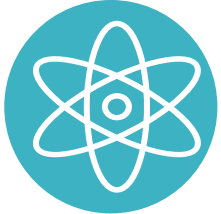

- **NPP horizontal principle** – Sustainable development
- **Indicator** – rank according to the overall score of SDG achievements:
 - current situation – 36th in 2020
 - target – 20th in 2030
- **Responsible institutions:**
 - Systemic coordinator – Ministry on Environment: expertise, consultations on the issue and monitoring the progress of implementation of SDGs
 - Coordinators in all Ministries: ensuring that relevant measures and indicators are included into their national development programs and reviewing that decisions made are consistent with sustainable development principle (as part of RIA)
- **Annual reporting on the progress** – Chapter in Annual Progress Report submitted to the Parliament.

Insights on the TOOL

Useful:

- Provides information about progress on regional level
- Possibility to compare with other similar regions
- Visualization and data sets are available

Could be used:

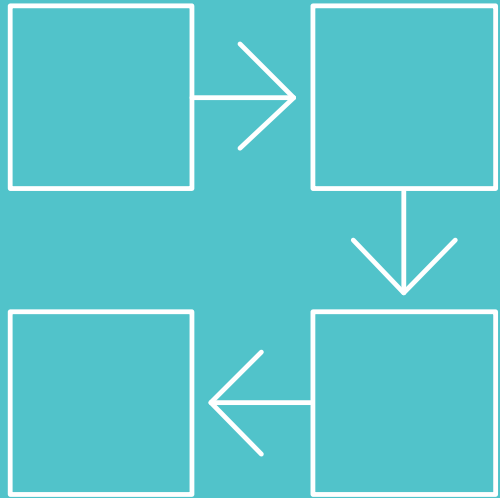

- As a source of information for monitoring progress of implementation NPP Horizontal Principle
- Planning and monitoring Regional Development Program and 10 Regional Development Plans

Proposals for improving the TOOL

Overall Score/ rank of the region indicating progress in SDG achievement could be estimated

Colors for indicating progress in SDG or specific indicator achievement could be used the same as in the UN Sustainable Development Progress report (<https://dashboards.sdgindex.org>):

-  - SDG achieved
-  - Challenges remain
-  - Significant challenges remain
-  - Major challenges remain
-  - Information unavailable

Thank You!
