

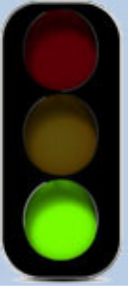

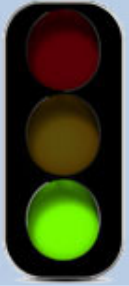

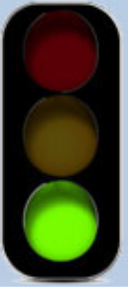

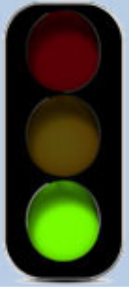

Figure 3. Traffic lights inclusive growth

	Median ESPON Space	Iceland	Liechtenstein	Norway	Switzerland
Percentage of early leavers (aged 18-24) from education and training by population 2012	10.60				
Persons with tertiary education attainment aged 30-34 as percentage of the population 2012	38.15				
People at risk of poverty as percentage of population 2011	24.50				

The use of traffic lights in this way allows us to easily communicate the national situation as compared to the rest of Europe. A full description of the traffic lights is give under the traffic lights for Smart Growth
