

// Luxembourg: Public Participation in Spatial Planning

Revision of the Master Programme for Spatial Planning

- Sustained economic growth and job creation
- Rapid population growth (immigration)
- Incoming daily cross-border commuters
- Traffic congestion
- Increasing land prices
- Land take and urban sprawl

“Collaborative change-making”

- 1 inter-ministerial steering group
- 4 regional labs
- 3 cross-border labs

Co-financed by the European Regional Development Fund

Inspire Policy Making with Territorial Evidence

// Thank you

Frederick-Christoph Richters

Ministry of Energy and Spatial Planning (Luxembourg)
