Sustainable Event Management – Your Contribution:

The Austrian EU Presidency is endeavouring to manage its events in a sustainable fashion. The Austria Center Vienna offers excellent conditions for organising “Green Presidency” events.

Your actions can also contribute substantially to protecting the environment:

If possible, choose an environmentally-friendly way of travelling to Vienna and use public transport or walk when travelling around Vienna. If possible, stay in a hotel that has been certified as being environmentally friendly (Austrian Ecolabel, EU Ecolabel, EMAS, etc.) and take advantage of the hotel's environmentally-friendly offers. We have highlighted these in our list of hotels. Turn off all lights and electrical devices (TV, air conditioning, heating, computer, etc.) when you are not in your hotel room. No single portion packages = more environmental protection: if possible, drink beverages served out of jugs or large bottles, eat meals served on reusable dishes, and use milk and sugar not packaged in individual portions.

Recycle your waste (plastic drink bottles, glass, paper, metal, batteries, etc.) by disposing of it in the containers provided at the conference centre. If possible, use digital devices instead of paper. Use your own writing supplies. At the end of the event, place your badges in the container provided at the accreditation desk on Level 0.

Further information can be found at <https://www.umweltzeichen.at/cms/en/green-meetings-and-events/content.html>. If you have any questions, please contact Ms Alexandra Frei (alexandra.frei@acv.at) of the Austria Center Vienna.
