

Workshop Session 1

“Macro-regional monitoring systems”

Moderator: Kai Böhme

8 December 2016

Bratislava, Slovak Republic

Inspire policy making by territorial evidence

Aim of the session

To discuss the monitoring needs of EU macro-regional strategies and how ESPON can support them in terms of content, tools and processes.

Questions to be addressed

- What monitoring is needed to support EU macro-regional strategies?
- What input (data, tools) could be provided by ESPON?
- What process support could be provided by ESPON?
- Could ESPON also help to evaluate and not only monitor EU macro-regional strategies?
